PRACTICAL, SOLICITOR-LED SUPPORT

Data protection support
for UK Organisations

We help organisations comply with UK data protection law and manage their day-to-day privacy obligations.

HOW CAN WE HELP?

01

Outsourced DPO
Services

Experienced, solicitor-led DPO support without the cost of recruiting a full-time DPO.

02

Data Protection
Audits

Find out where your organisation stands, identify compliance gaps and get a practical action plan.

03

DSAR Response
Service

Practical support with complex, sensitive or high-volume subject access requests.

04

Data Breach & ICO
Support

Specialist help assessing a breach, managing the first 72 hours and deciding whether notification is required.

05

Data Protection
Impact Assessments

Independent support with assessing privacy risks and completing proportionate, practical DPIAs.

06

AI Governance
Policies

Practical support developing AI governance policies and frameworks for the responsible use of AI.

WHAT YOU CAN EXPECT

CLEAR ADVICE

A practical explanation of what the law requires and where your organisation needs to act.

PROPORTIONATE
ACTION

Prioritised recommendations focused on the issues and risks that matter.

ONGOING SUPPORT

Specialist support to help implement recommendations or deal with issues as they arise.
